NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of The Supplemental Sickness Benefit Plan Covering Railroad Shop Craft and Signal Employees (the Plan) provides only general information. Participants should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established in 1973 pursuant to collective-bargaining to supplement the sickness benefits provided pursuant to the Railroad Unemployment Insurance Act for eligible railroad shop and signal employees of participating railroads. The Plan is administered by the National Carriers' Conference Committee and is subject to the provisions of the Railway Labor Act, as amended, and the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Benefits

The Plan's supplemental sickness benefits are provided on a self-insured basis. The Plan is primarily administered by a third party administrator, Aetna, pursuant to an Administrative Service Only contract.

Eligibility

Upon satisfying the eligibility and coverage requirements, as outlined in the Plan's Summary Plan Description, employees of the participating railroads are entitled to receive the benefits provided by the Plan.

Funding

The participating railroads' obligation to provide contributions to the Plan arises pursuant to the terms and conditions of the collective-bargaining agreements, Plan document and related practices. Contributions to the Plan are provided by the participating railroads in the amount determined after discussions with Aetna. The railroads fund the obligations of the Plan on a monthly basis as they become due and payable during the year.

Tax status

The Trust established pursuant to the Plan to hold the Plan's assets is qualified pursuant to Section 501(c)(9) of the Internal Revenue Code and, accordingly, the Trust's net investment income is exempt from income taxation. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service, and

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (continued)

Tax status (continued)

the Plan Administrator believes that the Plan, as amended, continues to qualify and to operate as designed.

Representatives of the Plan Administrator considered the Plan's tax positions relative to FASB ASC 740, Income Taxes (which includes FASB Interpretation No. 48 (FIN 48) – Accounting for Uncertainty in Income Taxes) and believes that the Plan has maintained its tax exempt status and had taken no uncertain tax positions. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine examination by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. Based on the three year statute of limitations that restricts the tax filing from examination by the IRS and other taxing jurisdictions for income tax purposes, the Plan Administrator believes it is no longer subject to examinations by these jurisdictions for this purpose for years prior to 2011.

Plan termination

In the event of termination of the Plan, the Trust's remaining assets will be used to provide for the payment of any and all obligations of the Plan. Such payments shall be for the exclusive benefit of the Plan participants and beneficiaries and to defray the administrative expenses of the Plan.

Note 2. Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (continued)

Valuation of investments and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Fair value of financial instruments

The Plan Administrator believes the carrying value of financial instruments, as stated in the financial statements, approximates their fair value.

Payment of benefits

Claim payments are recorded when paid by the Plan. Amounts processed by the third party administrator, but not paid by the Plan and claims incurred but not reported as of December 31st are recorded as plan benefit obligations within the accompanying statements of plan benefit obligations.

Participating railroads' contributions and contributions receivable

Each participating railroad provides a monthly contribution to the Plan as determined annually. Participating railroad contributions are recognized as revenue in the period in which the compensated service giving rise to the contribution is rendered.

Allowance for doubtful accounts

The Plan utilizes the allowance method to account for uncollectible receivables. Unless otherwise noted (See Note 5), an allowance for doubtful accounts for the Plan's receivable balances is not considered necessary as probable uncollectible amounts have been determined by the Plan Administrator not to be significant to the financial statements.

Amounts due from participating railroads

The amounts due from participating railroads represent an unfunded commitment, pursuant to the collective-bargaining agreements, Plan document and related practices, by each participating railroad, to contribute to the Plan sufficient funds to enable the Plan to pay the benefits provided by it for that railroad's employees.

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (continued)

Subsequent events

The Plan has evaluated subsequent events through October 12, 2015 the date the financial statements were available to be issued.

Note 3. Investments

Investments are held by a bank administered trust fund. The following table represents the fair value of those investments as of December 31, 2014 and 2013. Investments that represent 5% or more of the Plan's net assets are separately identified.

	2014	2013
Investments at estimated fair value:		
Money market fund*	<u>\$ 2,380,072</u>	<u>\$ 3,700,023</u>

* Investments held as of December 31, 2014 and 2013 were in Federated Treasury Obligations MM-1 #68 FFS.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The valuation methodology used for assets measured at fair value as of December 31, 2014 and 2013 is as follows:

Money market funds

Shares of a money market portfolio are considered cash equivalents and are valued at their carrying amount due to their short-term nature.

As of December 31, 2014 and 2013, all of the Plan's investment assets have been determined by the Plan Administrator to be level 1.

Note 5. Plan Benefit Overpayment Receivable

Pursuant to the Plan's Summary Plan Description, should a Plan participant receive one or more types of certain subsequent payments from a government entity, another plan, or another insurance arrangement (see Plan's Summary Plan Description for a complete listing of these subsequent payments) in connection with a disability claim that has been paid by the Plan, the payment will reduce the basic benefit payable by the Plan and an overpayment will be created.

Upon receiving such a payment, the Plan participant is obligated to repay the overpayment to the Plan. Generally, the overpayment is equal to the lesser of the disability claim paid by the Plan or the total amount subsequently received by the Plan participant.

Based on current and historical collection patterns, the Plan Administrator has determined that any amounts not repaid by Plan participants within one year of receipt of such payments will be deemed uncollectible. The following table represents the balances of the plan benefit overpayment receivable as of December 31, 2014 and 2013 which only includes amounts that have been reported to and recorded by Aetna as of December 31st:

NOTES TO FINANCIAL STATEMENTS

Note 5. Plan Benefit Overpayment Receivable (continued)

	2014	2013
Total plan benefit overpayment receivable	\$ 282,433	\$ 331,424
Allowance	<u>(185,128)</u>	<u>(147,761)</u>
Net plan benefit overpayment receivable	<u>\$ 97,305</u>	<u>\$ 183,663</u>

The gain contingency associated with the receipt of future awards that have not been communicated to Aetna and recorded as an overpayment as of December 31st, may result in prospective overpayments to a participant and refunds receivable to the Plan. This gain contingency has not been recognized by the Plan because the Plan Administrator believes this amount cannot be reasonably estimated as of the financial statement date.

Note 6. Post-Retirement Benefits and Other Plan Obligations

The Plan provides no post-retirement benefits.

Plan obligations as of December 31st for claims payable and claims incurred by participants but not reported as of that date are estimated by Aetna. Such estimated amounts are reported in the accompanying statement of plan benefit obligations at present value. Based on the current nature of the obligation, generally within nine months of the end of the Plan year, discounting the obligation was not necessary.

For measurement purposes, the Insurance Underwriters at Aetna evaluated all open, pending, and closed claims relating to the Plan year and determined the run-out for these claims for at least three months subsequent to the year end. The Underwriter then compared the actual claims run-out to historical run-out patterns to develop a reserve factor, which was applied to claims related to the Plan year on an incurred basis. The resulting claims obligation was added to the claims run-out liability described above to develop the total obligation, which was recognized for financial statement reporting purposes.

Note 7. Concentration of Participating Railroads

There are approximately 39 railroads participating in the Plan, of which 5 participating railroads comprised approximately 85% and 86% of the total Plan activity as of and for the years ended December 31, 2014 and 2013, respectively.

This activity includes, but is not limited to, participating railroad contributions receivable and amounts due from participating railroads as of December 31, 2014 and 2013, and participating railroads' contributions for the year ended December 31, 2014 as follows:

NOTES TO FINANCIAL STATEMENTS

Note 7. Concentration of Participating Railroads (continued)

	2014	2013
A	23.3%	23.4%
B	21.1%	20.2%
C	15.4%	16.1%
D	13.9%	14.2%
E	11.7%	11.8%

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2014.

Benefits paid to participants as reported within the financial statements	\$ 22,749,523
Add: Amounts payable at end of year	7,939,423
Less: Amounts payable at beginning of year	<u>(8,531,840)</u>
Benefits paid to participants as reported within the Form 5500	<u>\$ 22,157,106</u>

Amounts currently payable to or for participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31st but not yet paid as of that date and for incurred but not reported benefit claims as of December 31st.

Note 10. Party in Interest Transactions

The Plan paid administrative fees to service providers during the year that are considered party in interest transactions. This includes management fees paid to SunTrust, the trustee of the Plan, for certain Plan assets invested in money market funds. These transactions are exempt from the prohibited transaction rules of ERISA.

Note 11. Risks and Uncertainties

The Plan invests in money market funds with SunTrust. These investments are exposed to credit risk. Due to the level of risk associated with these investments given the current economic condition and uncertainty in the market place, it is at least reasonably possible that changes in the value of these investments may occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

A Plan benefit overpayment receivable is recorded when an overpayment is communicated to Aetna. The collectability of this receivable is determined by the Plan Administrator based on certain historical collection patterns. Due to uncertainties inherent in the communication, estimations, and assumptions process, it is at least reasonably possible that the timing of such communications and changes in these estimates and assumptions in the near term could materially affect the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 11. Risks and Uncertainties (continued)

The total obligations for claims payable and claims incurred but not reported, as calculated and reported to the Plan by Aetna as of December 31, 2014 and 2013 is based on certain assumptions pertaining to health care trends and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.
