**INDEPENDENT AUDITOR'S REPORT**

To the Joint Plan Committee with respect to  
The Railroad Employees National Health and Welfare Plan

**Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of The Railroad Employees National Health and Welfare Plan (the Plan), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the year ended December 31, 2015, and the related notes to the financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

***Basis for Disclaimer of Opinion***

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by SunTrust Bank, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the year ended

December 31, 2015, that the information provided to the Plan Administrator by the trustee is complete and accurate.

***Disclaimer of Opinion***

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

***Emphasis of Matter***

As discussed in Note 1 to the financial statements, during the year ended December 31, 2015, the Plan adopted new accounting guidance, Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. This update was retrospectively applied to December 31, 2014. Our opinion has not been modified with respect to this matter.

***Other Matter***

The supplemental schedules, schedule of assets (held at end of year) and schedule of reportable transactions as of or for the year ended December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan Administrator. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

**Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

## NOTES TO FINANCIAL STATEMENTS

### Note 1. Description of the Plan

The following description of The Railroad Employees National Health and Welfare Plan (the Plan) provides only general information. Participants should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

#### *General*

The Plan was established in 1955 pursuant to collective-bargaining and currently provides health and other related benefits to eligible employees and retirees of participating railroads and their beneficiaries. The Plan is administered by the Joint Plan Committee, which consists of the Health and Welfare Committee, Cooperating Railway Labor Organizations, and the National Carriers' Conference Committee and is subject to the provisions of the Railway Labor Act, as amended, and the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### *Benefits*

The Plan benefits are provided on a self-insured basis, except for life insurance and accidental death and dismemberment insurance, which are provided by Metropolitan Life Insurance Company through an experience-rated insurance contract. Health claims are administered by several third party administrators (Aetna, Highmark, UnitedHealthcare, and United Behavioral Health), pursuant to Administrative Service Only contracts. Prescription drug claims are administered by Express Scripts, pursuant to a Master Services Agreement.

#### *Eligibility*

Upon satisfying the eligibility and coverage requirements, as outlined in the Plan's Summary Plan Description, employees of the participating railroads and their dependents are entitled to receive the benefits provided by the Plan. Additional extended benefit coverage provisions may be available for participants who become disabled (including pregnancy), furloughed, suspended, or dismissed. (See Note 9 regarding the liability recognized for financial statement reporting purposes for extended benefit coverage.)

#### *Funding*

The participating railroads' and participants' obligation to provide contributions to the Plan arises pursuant to the terms and conditions of the collective-bargaining agreements, Plan document, and related practices. Contributions to the Plan are remitted by the participating railroads on a monthly basis in the amount determined after discussion with UnitedHealthcare. The railroads fund the obligations of the Plan as they become due and payable during the year. Additionally, the Plan is

## NOTES TO FINANCIAL STATEMENTS

### Note 1. Description of the Plan (continued)

required to maintain a \$25 million cash reserve in the Trust. Should the cash reserve fall below \$25 million, contributions to the Plan will be increased to fund the reserve by the end of the following calendar year.

UnitedHealthcare monitors the activity of the Trust and the Plan's maintenance of the \$25 million cash reserve. As of December 31, 2015 and 2014, the cash reserve met the required reserve.

#### *Tax status*

The Trust established pursuant to the Plan document to hold the Plan's assets is qualified pursuant to Section 501(c)(9) of the Internal Revenue Code and, accordingly, the Trust's net investment income is exempt from income taxation. However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded during the year ending December 31, 2015 for unrelated business taxable income.

The Plan has obtained a favorable tax determination letter from the Internal Revenue Service, and the Plan Administrator believes that the Plan, as amended, continues to qualify and to operate as designed.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, Income Taxes, prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The Plan's management has evaluated the impact of this guidance to its financial statements. The Plan's tax returns are subject to examination by taxing authorities, generally for a period of three years from the date the returns are filed.

#### *Plan termination*

In the event of termination of the Plan, the Trust's remaining assets will be used to provide for the payment of any and all obligations of the Plan. Such payments shall be for the exclusive benefit of the Plan participants and beneficiaries and to defray the administrative expenses of the Plan.

#### *Recent accounting pronouncements*

In May 2015, the FASB issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) (a consensus of the FASB Emerging Issues Task Force)*. The amendments in this update remove the

## NOTES TO FINANCIAL STATEMENTS

### Note 1. Description of the Plan (continued)

requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Plan management has determined that this update is not currently applicable to the Plan.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this update is to simplify plan accounting.

The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

The amendments in Part II of this update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

## NOTES TO FINANCIAL STATEMENTS

### Note 1. Description of the Plan (continued)

The update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management has adopted Part II of this update as of and for the year ended December 31, 2015 and has retrospectively applied it to December 31, 2014. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new update. Parts I and III are currently not applicable to the Plan.

### Note 2. Significant Accounting Policies

#### *Basis of accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

#### *Use of estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### *Valuation of investments and income recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

#### *Fair value of financial instruments*

The Plan Administrator believes the carrying value of financial instruments, as stated in the financial statements, approximates their fair value.

## NOTES TO FINANCIAL STATEMENTS

### Note 2. Significant Accounting Policies (continued)

#### *Participating railroads' contributions and contributions receivable*

Each participating railroad provides a monthly contribution to the Plan as determined annually. Participating railroad contributions are recognized as revenue in the period in which the compensated service giving rise to the contribution is rendered.

#### *Participants' contributions and contributions receivable*

Employees of the participating railroads provide monthly contributions to the Plan pursuant to the terms and conditions of the collective-bargaining agreements. Participant contributions are recognized as revenue in the period in which the compensated service giving rise to the contribution is rendered.

There is no contribution requirement for eligible retirees of participating railroads.

#### *Participants' COBRA contributions*

Participants and beneficiaries, who experience a qualifying event, as defined by Federal COBRA guidelines, may self-pay to continue coverage in the Plan for a limited period of time. Participants' COBRA contributions are recognized when due and payable.

#### *Payment of benefits*

Claim payments are recorded when paid by the Plan. Amounts processed by the third party administrators, but not paid by the Plan and claims incurred but not reported as of December 31<sup>st</sup> are recorded as plan benefit obligations within the accompanying statements of plan benefit obligations.

Premiums paid by the Plan are recorded as premium payments in the accompanying statement of changes in net assets available for benefits. Premiums expense incurred but not paid by the Plan as of December 31<sup>st</sup> are reported within the accompany statements of plan benefit obligations.

#### *Formulary Rebates*

Formulary rebates are recorded by the Plan when earned. Formulary rebates totaling \$60,816,288 have been earned by the Plan and were netted against prescription drug claims in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2015.

## NOTES TO FINANCIAL STATEMENTS

### Note 2. Significant Accounting Policies (continued)

#### *Terminated and withdrawing railroads' withdrawal liability receivable*

Upon termination or withdrawal from the Plan in whole or in part, a railroad is assessed a withdrawal liability, as provided for pursuant to the Plan document, which approximates the individual railroad's claim run-out liability. This run-out liability is due and payable 10 days subsequent to the railroad's receipt of a bill for such payment. As of December 31, 2015 and 2014, there were outstanding amounts receivable of \$41,114 from terminated or withdrawn railroads as it relates to the withdrawal liability.

#### *Allowance for doubtful accounts*

The Plan utilizes the allowance method to account for uncollectible receivables. Unless otherwise noted, an allowance for doubtful accounts for the Plan's receivable balances is not considered necessary as probable uncollectible amounts have been determined by the Plan Administrator not to be significant to the financial statements.

#### *Amounts due from participating railroads*

The amounts due from participating railroads represent an unfunded commitment, pursuant to the collective-bargaining agreements, Plan document, and related practices, by each participating railroad, to contribute to the Plan sufficient funds to enable the Plan to pay the benefits provided by it for that railroad's employees and their eligible dependents.

#### *Subsequent Events*

The Plan Administrator has evaluated subsequent events through October 12, 2016, the date the financial statements were available to be issued.

### Note 3. Information Certified by the Plan's Trustee and the Plan Administrator

The following investments are held by a bank administered trust fund and were certified by the Trustee, SunTrust Bank, and the Plan Administrator as complete and accurate.

	2015	2014
Money Market Fund:*		
Investments	\$ 153,213,850	\$ 117,784,980
Accrued interest	\$ 2,680	\$ 785
Interest income	\$ 12,346	N/A

\* Investments held as of December 31, 2015 and 2014 were in Federated Treasury Obligation MM-1#68 FFS.

## NOTES TO FINANCIAL STATEMENTS

### Note 3. Information Certified by the Plan's Trustee and the Plan Administrator (continued)

The investment activity reported on the schedule of assets (held at end of year) and schedule of reportable transactions was also certified by the Trustee, SunTrust Bank, and the Plan Administrator as complete and accurate.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

### Note 4. Funding Agreement

In 2007, the Plan entered into a Funding Agreement (Agreement) with Metropolitan Life Insurance Company (MetLife). Under the Agreement, an initial deposit was made from the Plan's premium stabilization reserve to MetLife. These funds were invested in the fixed component of the Agreement, which had a one-year term and earned interest at a set rate that was credited to the account upon maturity.

The Agreement contains an automatic renewal clause: upon expiration of the fixed term component of the Agreement, and without further action from the Plan, the funds convert to a short-term component of the Agreement. Since inception, additional deposits have been made from the Plan's premium stabilization reserve to MetLife and funds invested in the Agreement have moved between the fixed term and short-term component several times.

These funds are held in the general assets of MetLife and are subject to the financial strength and claim-paying ability of MetLife. The Agreement is recognized in the Plan's financial statements at cost, which approximates fair value, principal plus accrued interest, as reported to the Plan by MetLife.

On January 27, 2013, the funds were invested in the short-term component of the Agreement and earned interest based on the discount rate on the six month Treasury Bills set at the first weekly auction in the month plus 0.25%. The funds remained in the short-term component through the end of the 2015 calendar year. The balances of the Agreement as of December 31, 2015 and 2014, principal plus accrued interest, were \$6,891,766 and \$6,863,540, respectively.

### Note 5. Premium Stabilization Reserve

The Plan has funds held in a premium stabilization reserve with Metropolitan Life Insurance Company in connection with its experience-rated life insurance and accidental death and dismemberment insurance contract. The funds may be withdrawn at any time and earn interest based on the discount rate on the six month Treasury Bills set at the first weekly auction in the month plus 0.25%. The premium stabilization reserve has been included as an asset of the Plan until such amounts are used to pay premiums or

## NOTES TO FINANCIAL STATEMENTS

### Note 5. Premium Stabilization Reserve (continued)

are withdrawn by the Plan. The reserve is nonforfeitable should the insurance contract terminate.

### Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

#### *Level 1*

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

#### *Level 2*

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

#### *Level 3*

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The valuation methodologies used for assets measured at fair value as of December 31, 2015 and 2014 are as follows:

## NOTES TO FINANCIAL STATEMENTS

### Note 6. Fair Value Measurements (continued)

#### *Money market funds*

Shares of a money market portfolio are considered cash equivalents and are valued at their carrying amount due to their short-term nature.

#### *Funding agreement with Metropolitan Life Insurance Company*

The Plan's funding agreement with Metropolitan Life Insurance Company (MetLife) is recognized on the financial statement at cost, which approximates fair value, principal plus accrued interest. Funds held with MetLife earn interest at an agreed upon interest rate for a specific term with interest earnings paid at maturity (See Note 4).

The following table presents by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2015 and 2014:

#### Assets at Fair Value as of December 31, 2015

	<u>Level 1</u>	<u>Level 3</u>	<u>Total</u>
Assets:			
Money market funds	\$153,213,850	\$ -	\$153,213,850
Funding agreement (See Note 4)	<u>-</u>	<u>6,891,766</u>	<u>6,891,766</u>
Total assets at fair value	<u>\$153,213,850</u>	<u>\$ 6,891,766</u>	<u>\$160,105,616</u>

#### Assets at Fair Value as of December 31, 2014

	<u>Level 1</u>	<u>Level 3</u>	<u>Total</u>
Assets:			
Money market funds	\$117,784,980	\$ -	\$117,784,980
Funding agreement (See Note 4)	<u>-</u>	<u>6,863,540</u>	<u>6,863,540</u>
Total assets at fair value	<u>\$117,784,980</u>	<u>\$ 6,863,540</u>	<u>\$124,648,520</u>

The Plan has no assets that meet the criteria for level 2 reporting and, therefore, this level has been excluded from the table above.

## NOTES TO FINANCIAL STATEMENTS

### Note 6. Fair Value Measurements (continued)

#### *Level 3 Gains and Losses*

The following table presents a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2015.

Level 3 Assets <u>Year Ended December 31, 2015</u>	
Balance, beginning of year	\$ 6,863,540
Interest credited during the year	<u>28,226</u>
Balance, end of year	<u>\$ 6,891,766</u>

#### *Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements*

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2015 and 2014, and the significant unobservable inputs:

	<u>Instrument</u>	<u>Fair Value</u>	<u>Principle Valuation Technique</u>	<u>Term</u>	<u>Unobservable Input</u>	<u>Significant Input Value</u>
December 31, 2015	Funding agreement	\$6,891,766	Cost plus accrued interest	N/A*	Interest rate	0.40%**
December 31, 2014	Funding agreement	\$6,863,540	Cost plus accrued interest	N/A*	Interest rate	0.33%**

\* As of December 31, 2015 and 2014 all funds were invested in the short-term component of the Funding Agreement (see Note 4). Pursuant to the Funding Agreement, the short-term component does not expire. Amounts will remain invested in the short-term component until further direction is given by the Plan Administrator.

\*\* Represents the discount rate on the six month Treasury Bills set at the first weekly auction in December 2015 and 2014 plus 0.25%.

In determining the reasonableness of the valuation methodology of this investment, the Plan Administrator evaluates a variety of factors including review of methods and assumptions used by external sources, economic conditions, financial strength and claim-paying ability of MetLife, and the non-marketable nature of the investment.

## NOTES TO FINANCIAL STATEMENTS

### Note 7. Plan Contributions

The participating railroads do not differentiate their monthly contributions to the Plan between that which is paid on behalf of the participating railroad and that which is paid on behalf of the Plan participant. Therefore, the Plan Administrator estimates participants' contributions receivable and participants' contributions by applying blended employee cost sharing contribution rates to the respective payment employee counts. The resulting amounts are reclassified from the total participating railroads' contributions receivable and participating railroads' annual contributions and reported as participant contributions receivable and participant contributions, respectively. This methodology was utilized in both 2015 and 2014.

### Note 8. Post-Retirement Benefits

The post-retirement benefits provided by the Plan to eligible retirees of participating railroads are limited to the fully insured life insurance and accidental death and dismemberment insurance benefits provided by MetLife.

The post-retirement benefit obligation represents the total actuarial present value of those estimated future benefits that are attributed to employee service rendered to December 31<sup>st</sup>. Post-retirement benefits include future benefits expected to be paid to or for: (1) currently retired employees (eligible retirees) and (2) active employees after retirement from service with the participating railroads. Prior to an active employee's full eligibility date, the post-retirement benefit obligation for these employees is the portion of the expected post-retirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

The actuarial present value of the expected post-retirement benefit obligation is determined by the Plan's consulting actuary, Willis Towers Watson, and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of appropriate decrements) between the valuation date and the expected date of payment.

Because the post-retirement benefits provided by the Plan are limited to fully insured life insurance and accidental death and dismemberment insurance benefits, the health care cost trend rate assumption is not applicable to the post-retirement benefit calculation.

The cost of providing Plan benefits depends on demographic factors such as retirement, mortality, turnover, and plan participation. The United States Railroad Retirement Board performs a valuation of Railroad Retirement Benefits every three years, which includes analysis and development of current demographic assumptions. The Plan's consulting actuary relied upon this analysis as representative of the experience of the covered

## NOTES TO FINANCIAL STATEMENTS

### Note 8. Post-Retirement Benefits (continued)

population under this Plan. If the actual claim experience of the Plan is more favorable than assumed, future costs will be lower. Alternatively, if the actual claim experience of the Plan is less favorable than assumed, future costs will be higher.

The Plan participant data was not available at the level of detail that is typically used in valuations of this type. Therefore, the Plan's consulting actuary used reasonable and appropriate extrapolation techniques pursuant to Actuarial Standards of Practice (ASOP No. 23) on Data Quality to develop the data that was needed for valuation purposes. These techniques included an additional data quality check analysis to determine if a liability offset was necessary to account for the effect of any potential missing retiree data. As a result of this analysis, the retiree portion of this liability was increased by 3.92%. The Plan's consulting actuary does not believe the use of this data creates a material bias in the calculation.

Other significant assumptions used in the actuarial valuation are as follows:

	2015	2014
Weighted Average Discount Rate	4.20%	3.85%

#### *Mortality Assumption*

Healthy:

Active	RRB Table S-4	2009 RRB Active Service Mortality Table.

#### *Disability Assumption*

#### *Retirement Assumption*

*Note: The demographic assumptions shown above were developed by the United States Railroad Retirement Board (RRB), Bureau of the Actuary, for use in the December 31, 2013 valuation of Railroad Retirement Benefits published in September of 2015. This is the most recent valuation available to the Plan's consulting actuary. The table numbers referenced above correspond to the assumptions section of that valuation.*

## NOTES TO FINANCIAL STATEMENTS

### Note 8. Post-Retirement Benefits (continued)

The Plan's deficiency of net assets over benefit obligations as of December 31, 2015 and 2014 related to the post-retirement benefit obligation which will be funded on an annual basis, as it becomes due and payable, by participating railroads' contributions.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the post-retirement obligation.

### Note 9. Other Plan Benefit Obligations

Plan benefit obligations as of December 31<sup>st</sup> for health claims payable, current insurance premiums payable, health claims incurred by participants but not reported as of that date, accumulated eligibility of participants, and extended benefit coverage available to Plan participants, as of December 31<sup>st</sup> are estimated by UnitedHealthcare. Such estimated amounts are reported in the accompanying statement of Plan Benefit Obligations at present value. Based on the current nature of the obligation, generally within three months of year end, discounting the obligation was not necessary.

The obligation relating to health claims payable and health claims incurred by participants but not reported as of that date is determined by UnitedHealthcare by applying the following assumptions to historical claim-cost data.

	2015	2014
Run-out factor:		
Health claims:		
On-duty injury claims	3.20	3.00
Other than on-duty injury claims	1.20	1.20
Prescription drug claims	0.50	0.50
Administrative load:		
On-duty injury claims	5.60%	6.20%
Other than on-duty injury claims	5.60%	6.20%
Bank float	6.05%	10.04%

The obligation relating to accumulated eligibility of participants and extended benefit coverage available to Plan participants is determined by UnitedHealthcare by applying the contract rate or its equivalent to the total estimated number of months of future Plan coverage that is attributable to employee service rendered to December 31<sup>st</sup>. If the actual claims experience of these employees is more favorable than that provided by the contract rate or its equivalent, actual future costs will be lower. Alternatively, if the actual

### Note 9. Other Plan Benefit Obligations (continued)

claims experience of the Plan is less favorable than that provided by the contract rate or its equivalent, actual future cost will be higher.

Upon termination of a Plan participant's coverage, the Plan may provide limited coverage of benefits for injuries that occurred, and sicknesses or pregnancies that commenced before or while the participant was covered by the Plan. The availability and length of coverage provided by this provision of the Plan varies depending on the Plan participant's benefit election, relationship to the covered employee, and condition upon termination of coverage. An obligation for this contingent liability has not been recognized in the Plan's financial statements because the amount expected to be paid as a result of this obligation cannot be reasonably estimated.

The Plan Administrator is of the opinion, based on all available known facts, that the amount expected to be paid with respect to this contingent liability would not have a material effect on the financial position or results of operations of the Plan.

### Note 10. Concentration of Participating Railroads

There are approximately 43 railroads participating in the Plan, of which 4 Class I railroads comprised approximately 87% of the total Plan activity as of December 31, 2015 and 2014. This activity includes, but is not limited to, participating railroads' contributions receivable and amounts due from participating railroads as of December 31, 2015 and 2014, and participating railroads' contributions for the year ended December 31, 2015 as follows:

Railroad	Percentage of Total Plan Activity	
	2015	2014
A	27.1%	26.3%
B	26.5%	26.1%
C	17.1%	17.6%
D	16.6%	17.1%

### Note 11. Contingencies

See Note 9 regarding the Other Plan Benefit Obligations contingency.

The Plan is subject to lawsuits arising out of the ordinary course of business. The Plan Sponsors are of the opinion, based on available known facts, that the ultimate disposition of asserted claims would not have a material effect on the financial position or results of operations of the Plan.

Insurance premiums paid for participants as reported within the Form 5500	<u>\$ 15,932,244</u>

## NOTES TO FINANCIAL STATEMENTS

### Note 13. Traditional Reinsurance Fee

The Affordable Care Act (ACA) requires self-funded group health plans to fund a Transitional Reinsurance Program in place from 2014 to 2016. The total 2015 fee to be paid by the Plan is \$9,046,488. This amount has been included in the accounts payable and accrued expenses balance reported within the accompanying statement of net assets available for benefits and as administrative expenses within the accompanying statement of changes in net assets available for benefits. As established by the ACA, the first payment for the 2015 reinsurance fee was due on January 15, 2016 and the second payment is due by November 15, 2016. The Plan paid \$6,784,866 on January 11, 2016 and will pay the remainder of the balance on November 15, 2016.

### Note 14. Party in Interest Transactions

The Plan paid administrative fees to service providers during the year that are considered party in interest transactions. This includes management fees paid to SunTrust, the trustee of the Plan, for certain Plan assets invested in money market funds. These transactions are exempt from the prohibited transaction rules of ERISA.

### Note 15. Risks and Uncertainties

The Plan investments consist of funds held in money market funds with SunTrust. This investment, along with the premium stabilization reserve with Metropolitan Life Insurance Company, is exposed to credit risk. Due to the level of risk associated with these investments given the current economic condition and uncertainty in the market place, it is at least reasonably possible that changes in the value of these investments may occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

The Plan maintains its cash balances in bank deposit accounts, which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk as to cash.

The total obligations other than post-retirement obligations (health claims payable, claims incurred but not reported, accumulated eligibility credit, and extended benefit coverage obligations), as calculated and reported to the Plan by UnitedHealthcare and post-retirement benefits, as calculated and reported to the Plan by the Plan's consulting actuary, are based on certain assumptions pertaining to claim run-out factors, administrative load, bank float, contract rates and its equivalent, estimated number of months of future Plan coverage that is attributable to employee service rendered to December 31<sup>st</sup>, participant data, interest rates, health care inflation, average retirement age, and other employee demographics, all of which are subject to change or may not be reflective of actual experience. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
