THE SUPPLEMENTAL SICKNESS BENEFIT PLAN COVERING RAILROAD SHOP CRAFT AND SIGNAL EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of The Supplemental Sickness Benefit Plan Covering Railroad Shop Craft and Signal Employees (the Plan) provides only general information. Participants should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan was established in 1973 pursuant to collective-bargaining to supplement the sickness benefits provided pursuant to the Railroad Unemployment Insurance Act for eligible railroad shop and signal employees of participating railroads. The Plan is administered by the National Carriers' Conference Committee and is subject to the provisions of the Railway Labor Act, as amended, and the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Benefits: The Plan's supplemental sickness benefits are provided on a self-insured basis. The Plan is primarily administered by a third party administrator, The Hartford, pursuant to an Administrative Service Only contract.

Eligibility: Upon satisfying the eligibility and coverage requirements, as outlined in the Plan's Summary Plan Description, employees of the participating railroads are entitled to receive the benefits provided by the Plan.

Funding: The participating railroads' obligation to provide contributions to the Plan arises pursuant to the terms and conditions of the collective-bargaining agreements, Plan document, and related practices. Contributions to the Plan are provided by the participating railroads in the amount determined after discussions with The Hartford. The railroads fund the obligations of the Plan on a monthly basis as they become due and payable during the year.

Tax status: The Trust established under the Plan to hold the Plan's assets received an exemption letter from the Internal Revenue Service (IRS) stating that the Trust is tax-exempt under the provisions of Section 501(c)9 of the Internal Revenue Code (IRC). However, as a result of the Plan's funding policy, from time to time the Trust may be subject to income taxes. No federal or state income taxes have been recorded in 2019 for unrelated business taxable income.

In addition, the Plan and the Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan termination: In the event of termination of the Plan, the Trust's remaining assets will be used to provide for the payment of any and all obligations of the Plan. Such payments shall be for the exclusive benefit of the Plan participants and beneficiaries and to defray the administrative expenses of the Plan.

THE SUPPLEMENTAL SICKNESS BENEFIT PLAN COVERING RAILROAD SHOP CRAFT AND SIGNAL EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Fair value of financial instruments: The Plan Administrator believes the carrying value of financial instruments, as stated in the financial statements, approximates their fair value.

Payment of benefits: Claim payments are recorded when paid by the Plan. Amounts processed by the third party administrator, but not paid by the Plan and claims incurred but not reported as of December 31st are recorded as plan benefit obligations within the accompanying statements of plan benefit obligations.

Participating railroads' contributions and contributions receivable: Each participating railroad provides a monthly contribution to the Plan as determined annually. Participating railroad contributions are recognized as revenue in the period in which the compensated service giving rise to the contribution is rendered.

Allowance for doubtful accounts: The Plan utilizes the allowance method to account for uncollectible receivables. Unless otherwise noted (see Note 5), an allowance for doubtful accounts for the Plan's receivable balances is not considered necessary as probable uncollectible amounts have been determined by the Plan Administrator not to be significant to the financial statements.

Amounts due from participating railroads: The amounts due from participating railroads represent an unfunded commitment, pursuant to the collective-bargaining agreements, plan document, and related practices, by each participating railroad, to contribute to the Plan sufficient funds to enable the Plan to pay the benefits provided by it for that railroad's employees.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued. See Note 11 for additional information.

Note 3. Information Certified by the Plan's Trustee

The following investments are held by a bank administered trust fund and were certified by the trustee, SunTrust Bank, as complete and accurate.

Investments	\$ 10,968,954	\$ 7,849,955

Interest income	203,163	N/A

* Investments held as of December 31, 2019 and 2018 were in Federated Treasury Obligations MM-I #68 FFS.

The investment activity reported on the schedule of assets (held at end of year) and schedule of reportable transactions was also certified by the trustee, SunTrust Bank, as complete and accurate.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

THE SUPPLEMENTAL SICKNESS BENEFIT PLAN COVERING RAILROAD SHOP CRAFT AND SIGNAL EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodology used for assets measured at fair value as of December 31, 2019 and 2018 is as follows:

Money market funds: Shares of a money market portfolio are considered cash equivalents and are valued at their carrying amount due to their short-term nature.

The following tables present by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 10,968,954	\$ -	\$ -	\$ 10,968,954
Total assets at fair value	\$ 10,968,954	\$ -	\$ -	\$ 10,968,954

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 7,849,955	\$ -	\$ -	\$ 7,849,955
Total assets at fair value	\$ 7,849,955	\$ -	\$ -	\$ 7,849,955

Note 5. Plan Benefit Overpayment Receivable

Pursuant to the Plan's Summary Plan Description, should a Plan participant receive one or more types of certain subsequent payments from a government entity, another plan, or another insurance arrangement (see Plan's Summary Plan Description for a complete listing of these subsequent payments) in connection with a disability claim that has been paid by the Plan, the payment will reduce the basic benefit payable by the Plan and an overpayment will be created.

Upon receiving such a payment, the Plan participant is obligated to repay the overpayment to the Plan. Generally, the overpayment is equal to the lesser of the disability claim paid by the Plan or the total amount subsequently received by the Plan participant.

THE SUPPLEMENTAL SICKNESS BENEFIT PLAN COVERING RAILROAD SHOP CRAFT AND SIGNAL EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Note 5. Plan Benefit Overpayment Receivable (Continued)

Based on current and historical collection patterns, the Plan Administrator has determined that any amounts not repaid by Plan participants within one year of receipt of such payments will be deemed uncollectible. The following table represents the balances of the plan benefit overpayment receivable as of December 31, 2019 and 2018 which only includes amounts that have been reported to and recorded by The Hartford as of December 31st:

	2019	2018
Total plan benefit overpayment receivable	\$ 950,344	\$ 1,195,696
Allowance	(798,824)	(1,093,650)
Net plan benefit overpayment receivable	\$ 151,520	\$ 102,046

The gain contingency associated with the receipt of future awards that have not been communicated to The Hartford and recorded as an overpayment as of December 31st, may result in prospective overpayments to a participant and refunds receivable to the Plan. This gain contingency has not been recognized by the Plan because the Plan Administrator believes this amount cannot be reasonably estimated as of the financial statement date.

Note 6. Post-Retirement Benefits and Other Plan Obligations

The Plan provides no post-retirement benefits.

Plan obligations as of December 31st for claims payable and claims incurred by participants but not reported as of that date are estimated by The Hartford. Such estimated amounts are reported in the accompanying statement of plan benefit obligations at present value. Based on the current nature of the obligation, generally within nine months of the end of the Plan year, discounting the obligation was not necessary.

For measurement purposes, the insurance underwriters at The Hartford developed monthly reserve factors using historical claim-cost data. The monthly reserve factors were applied to the monthly claims totals for the Plan year on an incurred basis. The resulting claims obligation represents the total claims expense to be paid for all disabilities that occurred during the Plan year. This obligation was then reduced by the claim payments made during the Plan year and the resulting obligation, which represents an estimate of the total claims to be paid after year-end, was recognized for financial statement reporting purposes.

Note 7. Concentration of Participating Railroads

There are approximately 33 railroads participating in the Plan, of which 5 participating railroads comprised approximately 84% and 85% of the total Plan activity as of and for the years ended December 31, 2019 and 2018, respectively.

	2019	2018
A	26.0%	23.5%
B	20.6%	23.5%
C	14.4%	14.7%

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2019 and 2018 financial statements to the Form 5500:

	2019	2018

Benefit obligations currently payable	(12,027,280)	(8,536,121)
Net assets available for benefits as reported within the Form 5500	\$ 847,787	\$ 2,192,788

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2019:

Benefits paid to participants as reported within the financial statements	\$ 24,656,804

Less: Amounts payable at beginning of year	(8,536,121)
Benefits paid to participants as reported within the Form 5500	\$ 28,147,963

Note 9. Party in Interest Transactions

The Plan paid administrative fees to service providers during the year that are considered party in interest transactions. This includes management fees paid to SunTrust Bank, the trustee of the Plan, for certain Plan assets invested in money market funds. These transactions are exempt from the prohibited transaction rules of ERISA.

Note 10. Risks and Uncertainties

The Plan invests in money market funds with SunTrust. These investments are exposed to credit risk. Due to the level of risk associated with these investments given the current economic condition and uncertainty in the market place, it is at least reasonably possible that changes in the value of these investments may occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

A Plan benefit overpayment receivable is recorded when an overpayment is communicated to The Hartford. The collectability of this receivable is determined by the Plan Administrator based on certain historical collection patterns. Due to uncertainties inherent in the communication, estimations, and assumptions process, it is at least reasonably possible that the timing of such communications and changes in these estimates and assumptions in the near term could materially affect the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

The total obligations for claims payable and claims incurred but not reported, as calculated and reported to the Plan by The Hartford as of December 31, 2019 and 2018 is based on certain assumptions pertaining to health care trends and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Note 11. Subsequent Event

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. This has had a significant adverse impact on investment portfolios. While financial markets are showing signs of recovery, the duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

In response to the pandemic, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act, or CARES Act, on March 27, 2020, which enhanced unemployment and sickness benefits for railroad workers impacted by the pandemic. The enhancements to unemployment and sickness benefits were summarized by The U.S. Railroad Retirement Board (RRB) within press release No. 20-5 titled *Coronavirus Relief Act Impacts Railroad Workers* as follows:

THE SUPPLEMENTAL SICKNESS BENEFIT PLAN COVERING RAILROAD SHOP CRAFT AND SIGNAL EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Note 11. Subsequent Event (Continued)

Under the CARES Act, the 1-week waiting period required before railroad workers can receive unemployment or sickness benefits is temporarily eliminated. This applies to an employee's first 2-week registration period for a period of continuing sickness or unemployment beginning after the effective date of the law and ending on or before December 31, 2020.

In addition, the amount of the unemployment benefit is increased by \$1,200 per 2-week period. This is in addition to the current biweekly maximum of \$733.98 received by most claimants. This increased amount applies to any 2-week registration periods beginning on or after April 1, 2020 through July 31, 2020.

The CARES Act includes a separate appropriation of \$425 million to pay for this added "recovery benefit," with an additional \$50 million provided to cover the cost of eliminating the waiting period. If these funds are exhausted, the new provisions will no longer apply.

The CARES Act also authorizes payment of extended unemployment benefits to rail workers who received unemployment benefits from July 1, 2019 to June 30, 2020.

Under the legislation, railroad workers with less than 10 years of service may be eligible for up to 65 days of extended benefits within 7 consecutive 2-week registration periods. Workers with 10 or more years of railroad service, who were previously eligible for up to 65 days in extended benefits, may now receive benefits for up to 130 days within 13 consecutive 2-week registration periods.

The RRB will also pay sickness benefits, and in some cases, unemployment benefits, to rail workers who have tested positive for COVID-19 or been subject to a quarantine order.

The ultimate financial effects of the CARES Act on the basic benefit payable by the Plan cannot be reasonably estimated at this time.
