#### INDEPENDENT AUDITOR'S REPORT

To the Governing Committee with respect to National Railway Carriers and United Transportation Union Health and Welfare Plan

#### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the National Railway Carriers and United Transportation Union Health and Welfare Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
  accounting estimates made by management, as well as evaluate the overall presentation of the
  financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and schedule of reportable transactions as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

#### In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### INDEPENDENT AUDITOR'S REPORT

To the Governing Committee with respect to National Railway Carriers and United Transportation Union Health and Welfare Plan

#### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the National Railway Carriers and United Transportation Union Health and Welfare Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
  accounting estimates made by management, as well as evaluate the overall presentation of the
  financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and schedule of reportable transactions as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

#### In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# NOTES TO FINANCIAL STATEMENTS

# Note 1. Description of the Plan

The following description of the National Railway Carriers and United Transportation Union Health and Welfare Plan (the Plan) provides only general information. Participants should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

*General:* The Plan and related Trust were established in 2000 pursuant to collective-bargaining to provide health and other related benefits to eligible employees and retirees of participating railroads and their beneficiaries. The Plan is administered by the Governing Committee, which consists of the United Transportation Union Health and Welfare Committee and National Carriers' Conference Committee, and is subject to the provisions of the Railway Labor Act, as amended, and the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Benefits:** The Plan benefits are provided on a self-insured basis, except for life insurance and accidental death and dismemberment insurance, which are provided by Metropolitan Life Insurance Company through an experience-rated insurance contract. Health claims are administered by several third party administrators (Aetna, Highmark, UnitedHealthcare, and United Behavioral Health), pursuant to Administrative Service Only contracts. Prescription drug claims are administered by Express Scripts, pursuant to a Master Services Agreement.

*Eligibility*: Upon satisfying the eligibility and coverage requirements, as outlined in the Plan's Summary Plan Description, employees of the participating railroads and their dependents are entitled to receive the benefits provided by the Plan. Additional extended benefit coverage provisions may be available for participants who become disabled (including pregnancy), furloughed, suspended, or dismissed. (See Note 9 regarding the liability recognized for financial statement reporting purposes for extended benefit coverage.)

**Funding:** The participating railroads' and participants' obligation to provide contributions to the Plan arises pursuant to the terms and conditions of the collective-bargaining agreements, plan document, and related practices. Contributions to the Plan are remitted by the participating railroads on a monthly basis in the amount determined after discussion with UnitedHealthcare. The railroads fund the obligations of the Plan as they become due and payable during the year.

Tax status: The Trust established under the Plan to hold the Plan's assets received an exemption letter from the Internal Revenue Service (IRS) stating that the Trust is tax-exempt under the provisions of Section 501(c)9 of the Internal Revenue Code (IRC). However, as a result of the Plan's funding policy, from time to time the Trust may be subject to income taxes. No federal or state income taxes have been recorded in 2022 for unrelated business taxable income.

In addition, the Plan and the Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related Trust is tax-exempt.

# NOTES TO FINANCIAL STATEMENTS

# **Note 1.** Description of the Plan (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Plan termination:** In the event of termination of the Plan, the Trust's remaining assets will be used to provide for the payment of any and all obligations of the Plan. Such payments shall be for the exclusive benefit of the Plan participants and beneficiaries and to defray the administrative expenses of the Plan.

# **Note 2.** Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

*Use of estimates:* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

*Fair value of financial instruments:* The Plan Administrator believes the carrying value of financial instruments, as stated in the financial statements, approximates their fair value.

**Participating railroads' contributions and contributions receivable:** Each participating railroad provides a monthly contribution to the Plan as determined annually. Participating railroad contributions are recognized as revenue in the period in which the compensated service giving rise to the contribution is rendered.

**Participants' contributions and contributions receivable:** Employees of the participating railroads provide monthly contributions to the Plan pursuant to the terms and conditions of the collective-bargaining agreements. Participant contributions are recognized as revenue in the period in which the compensated service giving rise to the contribution is rendered.

There is no contribution requirement for eligible retirees of participating railroads.

# NOTES TO FINANCIAL STATEMENTS

# **Note 2.** Significant Accounting Policies (Continued)

**Participants' COBRA contributions:** Participants and beneficiaries, who experience a qualifying event, as defined by Federal Consolidated Omnibus Budget Reconciliation Act (COBRA) guidelines, may self-pay to continue coverage in the Plan for a limited period of time. Participants' COBRA contributions are recognized when due and payable.

**Payment of benefits:** Claim payments are recorded when paid by the Plan. Amounts processed by the third party administrators, but not paid by the Plan and claims incurred but not reported as of December 31<sup>st</sup> are recorded as plan benefit obligations within the accompanying statements of plan benefit obligations.

Premiums paid by the Plan are recorded as premium payments in the accompanying statement of changes in net assets available for benefits. Premiums expense incurred but not paid by the Plan as of December 31<sup>st</sup> are reported within the accompanying statements of plan benefit obligations.

**Formulary rebates and formulary rebates receivable:** Formulary rebates are recorded by the Plan when earned. Formulary rebates totaling \$45,037,161 have been earned by the Plan and were netted against prescription drug claims in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

**Terminated and withdrawing railroads' withdrawal liability receivable:** Upon termination or withdrawal from the Plan in whole or in part, a railroad is assessed a withdrawal liability, as provided for pursuant to the Plan document, which approximates the individual railroad's claim run-out liability. This run-out liability is due and payable 10 days subsequent to the railroad's receipt of a bill for such payment. As of December 31, 2022 and 2021, there were outstanding amounts receivable of \$22,352 from terminated or withdrawn railroads as it relates to the withdrawal liability.

Allowance for doubtful accounts: The Plan utilizes the allowance method to account for uncollectible receivables. Unless otherwise noted, an allowance for doubtful accounts for the Plan's receivable balances is not considered necessary as probable uncollectible amounts have been determined by the Plan Administrator not to be significant to the financial statements.

Amounts due from participating railroads: The amounts due from participating railroads represent an unfunded commitment, pursuant to the collective-bargaining agreements, Plan document, and related practices, by each participating railroad, to contribute to the Plan sufficient funds to enable the Plan to pay the benefits provided by it for that railroad's employees and their eligible dependents.

**Subsequent events:** The Plan Administrator has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

# NOTES TO FINANCIAL STATEMENTS

# Note 3. Information Certified by the Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Truist Bank, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

		2022	 2021
Investments at fair value:	·		 _
Money Market Fund	\$	70,175,461	\$ 49,778,102

Truist Bank also certified to the completeness and accuracy of \$822,225 of interest related to the aforementioned plan assets for the year ended December 31, 2022.

# **Note 4.** Funding Agreement

In 2008, the Plan entered into a Funding Agreement (Agreement) with Metropolitan Life Insurance Company (MetLife). Under the Agreement, an initial deposit was made from the Plan's premium stabilization reserve to MetLife. These funds were invested in the fixed component of the Agreement, which had a one-year term and earned interest at a set rate that was credited to the account upon maturity.

The Agreement contains an automatic renewal clause: upon expiration of the fixed-term component of the Agreement, and without further action from the Plan, the funds convert to a short-term component of the Agreement. Since inception, additional deposits have been made from the Plan's premium stabilization reserve to MetLife and funds invested in the Agreement have moved between the fixed-term and short-term component several times.

These funds are held in the general assets of MetLife and are subject to the financial strength and claim-paying ability of MetLife. The Agreement is recognized in the Plan's financial statements at cost, which approximates fair value, principal plus accrued interest, as reported to the Plan by MetLife.

On January 27, 2013, the funds were invested in the short-term component of the Agreement and earned interest based on the discount rate on the six month Treasury Bills set at the first weekly auction in the month plus 0.25%. The funds have remained in the short-term component through the end of the 2022 calendar year. The balances of the Agreement as of December 31, 2022 and 2021, principal plus accrued interest, were \$1,091,122 and \$1,064,232, respectively.

# NOTES TO FINANCIAL STATEMENTS

# Note 5. Premium Stabilization Reserve

The Plan has funds held in a premium stabilization reserve with MetLife in connection with its experience-rated life insurance and accidental death and dismemberment insurance contract. The funds may be withdrawn at any time and earn interest based on the discount rate on the six month Treasury Bills set at the first weekly auction in the month plus 0.25%. The premium stabilization reserve has been included as an asset of the Plan until such amounts are used to pay premiums or are withdrawn by the Plan. The reserve is nonforfeitable should the insurance contract terminate.

# **Note 6.** Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

# NOTES TO FINANCIAL STATEMENTS

# **Note 6.** Fair Value Measurements (Continued)

The valuation methodology used for assets measured at fair value as of December 31, 2022 and 2021 is as follows:

*Money market funds:* Shares of a money market portfolio are considered cash equivalents and are valued at their carrying amount due to their short-term nature.

**Funding agreement with MetLife:** The Plan's funding agreement with MetLife is recognized on the financial statement at cost, which approximates fair value, principal plus accrued interest. Funds held with MetLife earn interest at an agreed upon interest rate for a specific term with interest earnings paid at maturity (See Note 4).

The following tables present by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022									
	Level 1			Level 2			Level 3		Total	
Assets:										
Money market funds	\$	70,175,461	\$		_	\$	_	\$	70,175,461

# NOTES TO FINANCIAL STATEMENTS

# **Note 6.** Fair Value Measurements (Continued)

# Level 3 Gains and Losses

The following table presents a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2022:

# Level 3 Assets Year Ended December 31, 2022

Balance, beginning of year Interest credited during the year	\$ 1,064,232 26,890
Balance, end of year	\$ 1,091,122

# Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2022 and 2021, and the significant unobservable inputs:

					Principle	Significant	Range of	
		Fair Value	I	Fair Value	Valuation	Unobservable	Significant	Weighted
	Instrument	12/31/2022	1	2/31/2021	Technique	Input	Input Value	Average
								_
					Cost plus accrued		0.29% -	
F	unding Agreement	\$ 1,091,122	\$	1,064,232	interest	Interest rate	4.74%*	1.40%

<sup>\*</sup>Represents the high and low range of the discount rate on the six month Treasury Bills set at the first weekly auction for the period of January 1, 2021 through December 31, 2022 plus 0.25%.

In determining the reasonableness of the valuation methodology of this investment, the Plan Administrator evaluates a variety of factors including review of methods and assumptions used by external sources, economic conditions, financial strength and claim-paying ability of MetLife, and the non-marketable nature of the investment.

# Note 7. Plan Contributions

The participating railroads do not differentiate their monthly contributions to the Plan between that which is paid on behalf of the participating railroad and that which is paid on behalf of the Plan participant. Therefore, the Plan Administrator estimates participants' contributions receivable and participants' contributions by applying blended employee cost sharing contribution rates to the respective payment employee counts. The resulting amounts are reclassified from the total participating railroads' contributions receivable and participating railroads' annual contributions and reported as participant contributions receivable and participant contributions, respectively. This methodology was utilized in both 2022 and 2021.

# NOTES TO FINANCIAL STATEMENTS

# **Note 8.** Post-Retirement Benefits

The post-retirement benefits provided by the Plan to eligible retirees of participating railroads are limited to the fully insured life insurance and accidental death and dismemberment insurance benefits provided by MetLife.

The post-retirement benefit obligation represents the total actuarial present value of those estimated future benefits that are attributed to employee service rendered to December 31<sup>st</sup>. Post-retirement benefits include future benefits expected to be paid to or for: (1) currently retired employees (eligible retirees) and (2) active employees after retirement from service with the participating railroads. Prior to an active employee's full eligibility date, the post-retirement benefit obligation for these employees is the portion of the expected post-retirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

The actuarial present value of the expected post-retirement benefit obligation is determined by the Plan's consulting actuary, Willis Towers Watson, and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of appropriate decrements) between the valuation date and the expected date of payment.

Because the post-retirement benefits provided by the Plan are limited to fully insured life insurance and accidental death and dismemberment insurance benefits, the health care cost trend rate assumption is not applicable to the post-retirement benefit calculation.

The cost of providing Plan benefits depends on demographic factors such as retirement, mortality, turnover, and plan participation. The United States Railroad Retirement Board performs a valuation of Railroad Retirement Benefits every three years, which includes analysis and development of current demographic assumptions. The Plan's consulting actuary relied upon this analysis as representative of the experience of the covered population under this Plan. If the actual claim experience of the Plan is more favorable than assumed, future costs will be lower. Alternatively, if the actual claim experience of the Plan is less favorable than assumed, future costs will be higher.

The Plan participant data was not available at the level of detail that is typically used in valuations of this type. Therefore, the Plan's consulting actuary used reasonable and appropriate extrapolation techniques pursuant to Actuarial Standards of Practice (ASOP No. 23) on Data Quality to develop the data that was needed for valuation purposes. The Plan's consulting actuary did not believe the use of this data created a material bias in the calculation.

# NOTES TO FINANCIAL STATEMENTS

# **Note 8.** Post-Retirement Benefits (Continued)

Significant assumptions used in the actuarial valuation are as follows:

_	2022	2021
W. L. L. D. D. D.		
Weighted Average Discount Rate	5.45%	2.90%

Mortality Assumption

Healthy:

Active 2015 RRB Active Service Mortality Table S-4
Retired 2016 RRB Annuitants Mortality Table S-1
Disabled 2016 RRB Disabled Mortality Table S-2

Termination Assumption

RRB Table S-13 - 30 Year Select and Ultimate Table

Disability Assumption

RRB Table S-12 - Rates varying by age and service

Retirement Assumption

RRB Table S-11 - Rates varying by age and service

Note: The demographic assumptions shown above were developed by the United States Railroad Retirement Board (RRB), Bureau of the Actuary, for use in the December 31, 2019 valuation of Railroad Retirement Benefits published in October of 2021. This is the most recent valuation available to the Plan's consulting actuary. The table numbers referenced above correspond to the assumption section of that valuation.

The Plan's deficiency of net assets over benefit obligations as of December 31, 2022 and 2021 related primarily to the post retirement benefit obligation, which will be funded on an annual basis, as it becomes due and payable, by the participating railroads' contributions.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the post-retirement obligation.

# NOTES TO FINANCIAL STATEMENTS

# Note 9. Other Plan Benefit Obligations

Plan benefit obligations as of December 31<sup>st</sup> for health claims payable, current insurance premiums payable, health claims incurred by participants but not reported as of that date, and extended benefit coverage available to Plan participants are estimated by UnitedHealthcare. Plan benefit obligations as of December 31<sup>st</sup> for accumulated eligibility of participants are estimated by the Plan Sponsor. Such estimated amounts are reported in the accompanying statement of Plan Benefit Obligations at present value. Based on the current nature of the obligation, generally within three months of year end, discounting the obligation was not necessary.

The obligation relating to health claims payable and health claims incurred by participants but not reported as of that date is determined by UnitedHealthcare by applying the following assumptions to historical claim-cost data:

	2022	2021
Run-out factor:		
Health claims:		
On-duty injury claims	3.7	3.7
Other than on-duty injury claims	1.4	1.3
Prescription drug claims	0.5	0.5
Administrative load:		
On-duty injury claims	4.10%	4.30%
Other than on-duty injury claims	4.10%	4.30%
Bank float	2.63%	1.90%

The obligation relating to accumulated eligibility of participants is determined by the Plan Sponsor by applying the average cost of benefits per eligible participant to accumulated eligibility credits. The average cost of benefits per eligible participant was calculated using claim lag studies and historical runout patterns. If the actual claims experience of these employees is more favorable than that provided by the average cost of benefits per eligible participant, actual future costs will be lower. Alternatively, if the actual claims experience of the Plan is less favorable than that provided by the average cost of benefits per eligible participant, actual future cost will be higher.

The obligation relating to extended benefit coverage available to participants is determined by UnitedHealthcare by applying the contract rate or its equivalent to the total estimated number of months of future Plan coverage that is attributable to employee service rendered to December 31<sup>st</sup>. If the actual claims experience of these participants during the extended benefit coverage period is more favorable than that provided by applying the contract rate or its equivalent to the total estimated number of months of future Plan coverage, actual future costs will be lower. Alternatively, if the actual claims experience of the Plan is less favorable than that provided by applying the contract rate or its equivalent to the total estimated number of months of future Plan coverage, actual future cost will be higher.

# NOTES TO FINANCIAL STATEMENTS

# Note 9. Other Plan Benefit Obligations (Continued)

Upon termination of a Plan participant's coverage, the Plan may provide limited coverage of benefits for injuries that occurred, and sicknesses or pregnancies that commenced before or while the participant was covered by the Plan. The availability and length of coverage provided by this provision of the Plan varies depending on the Plan participant's benefit election, relationship to the covered employee, and condition upon termination of coverage. An obligation for this contingent liability has not been recognized in the Plan's financial statements because the amount expected to be paid as a result of this obligation cannot be reasonably estimated.

The Plan Administrator is of the opinion, based on all available known facts, that the amount expected to be paid with respect to this contingent liability would not have a material effect on the financial position or results of operations of the Plan.

# **Note 10.** Concentration of Participating Railroads

There are approximately 39 railroads participating in the Plan, of which 4 Class I railroads comprised approximately 85% of the total Plan activity as of December 31, 2022 and 2021. This activity includes, but is not limited to, participating railroads' contributions receivable and amounts due from participating railroads as of December 31, 2022 and 2021, and participating railroads' contributions for the year ended December 31, 2022 as follows:

	Percentage of	Percentage of
	Total Plan	Total Plan
	Activity	Activity
	2022	2021
Railroad:		
A	32.0%	31.9%
В	26.2%	25.0%
C	14.2%	15.3%
D	12.4%	12.8%

# Note 11. Contingencies

See Note 9 regarding the Other Plan Benefit Obligations contingency.

The Plan is subject to lawsuits arising out of the ordinary course of business. The Plan Sponsors are of the opinion, based on available known facts, that the ultimate disposition of asserted claims would not have a material effect on the financial position or results of operations of the Plan.

# NOTES TO FINANCIAL STATEMENTS

# Note 12. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2022 and 2021 financial statements to the Form 5500:

	 2022	2021
Net assets available for benefits as		
reported within the financial statements	\$ 163,309,618	\$ 134,922,438
Benefit obligations currently payable	(66,949,681)	(70,233,755)
Insurance premiums payable	 (2,360)	(8,266)
Net assets available for benefits as reported within		
the Form 5500	\$ 96,357,577	\$ 64,680,417

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2022:

		2022
Benefits paid to or for participants as	ф	542.252.012
reported within the financial statements	\$	542,253,012
Add: Amounts payable at end of year		66,949,681
Less: Amounts payable at beginning of year		(70,233,755)
Benefits paid to or for participants as reported within		
the Form 5500	\$	538,968,938

Amounts currently payable to or for participants, dependents, and beneficiaries are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31<sup>st</sup> but not yet paid as of that date and for incurred but not reported benefit claims as of December 31<sup>st</sup>.

The following is a reconciliation of premiums paid for participants per the financial statements to the Form 5500 for the year ended December 31, 2022.

	 2022		
Insurance premiums paid for participants as reported within the financial statements Add: Amounts payable as of the end of year Less: Amounts payable as beginning of year	\$ 4,556,794 2,360 (8,266)		
Insurance premiums paid for participants as reported within the Form 5500	\$ 4,550,888		

# NOTES TO FINANCIAL STATEMENTS

# **Note 13.** Party-in-Interest Transactions

The Plan paid administrative fees to service providers during the year that are considered party-in-interest transactions. This includes management fees paid to Truist Bank, the trustee of the Plan, for certain Plan assets invested in money market funds. These transactions are exempt from the prohibited transaction rules of ERISA.

# Note 14. Risks and Uncertainties

The Plan's investments consist of funds held in money market funds with Truist Bank. This investment, along with the premium stabilization reserve with MetLife, is exposed to credit risk. Due to the level of risk associated with these investments given the current economic condition and uncertainty in the market place, it is at least reasonably possible that changes in the value of these investments may occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

The Plan maintains its cash balances in bank deposit accounts, which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk as to cash.

The total obligations other than post-retirement obligations (health claims payable, claims incurred but not reported, accumulated eligibility credit, and extended benefit coverage obligations), and post-retirement benefits, are based on certain assumptions pertaining to claim run-out factors, administrative load, bank float, contract rates and its equivalent, estimated number of months of future Plan coverage that is attributable to employee service rendered to December 31st, participant data, interest rates, health care inflation, average retirement age, and other employee demographics, all of which are subject to change or may not be reflective of actual experience. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

# **Note 15.** Collective Bargaining Agreements

New Collective Bargaining Agreements (Agreements) were reached between the participating labor organizations and National Carrier's Conference Committee at various times during the period November 21, 2022 through December 2, 2022.

Article III, Part A, Section 2 of the Agreements, which became effective January 1, 2023 establishes Plan design changes which have been summarized as follows:

• The Plan's Managed Medical Care Program ("MMCP") and its Comprehensive Health Care Benefit ("CHCB") shall be modified with respect to hearing benefits to increase the maximum annual payment for tests and examinations, including those by an audiologist or hearing aid dispenser, to diagnose and determine the cause of a hearing loss, and for a hearing aid necessary to restore lost, or help impaired, hearing, to \$2,000.

# NOTES TO FINANCIAL STATEMENTS

# **Note 15.** Collective Bargaining Agreements (Continued)

- The MMCP, CHCB, and Mental Health and Substance Abuse programs, as applicable, shall be modified to add coverage for the diagnosis and treatment of Autism Spectrum Disorder, without application of age or dollar limitations (other than generally applicable cost-sharing requirements under the terms of the Plan). Coverage for the treatment of Autism Spectrum Disorder shall include speech, occupational and physical therapies, Applied Behavior Analysis, and other medically appropriate intensive behavioral therapies; provided that any such coverage shall be subject to medical management processes (such as prior authorization or treatment plan requirements) applied by the company administering the member's benefits.
- The MMCP, CHCB, and Mental Health and Substance Abuse programs, as applicable, shall be modified to remove the age restriction on speech therapy as part of a treatment for developmental delay, cerebral palsy, hearing impairment or major congenital anomalies that affect speech such as, but not limited to, cleft lip and cleft palate. Medical management processes will continue to apply to such coverage.
- Monthly Employee Cost-Sharing Contributions
  - o Effective January 1, 2023, each employee covered by the Agreements shall contribute to the Plan, for each month that the employer is required to make a contribution to the Plan on the employee's behalf for foreign-to-occupation health benefits coverage for the employee and/or the employee's dependents, a monthly contribution equal to 15% of the Carriers' Monthly Payment Rate. Effective on each subsequent January 1, the monthly employee cost-sharing contribution shall be adjusted to reflect 15% of the Carriers' Monthly Payment Rate for the relevant year.

Because of the nature and complexity of these changes, the Plan Administrator is not able to evaluate the economic impact on the Plan.
